Taco & Grill

Everything tastes twice as good together!

Our concept is based on a shared experience of culinary art, style and comfort. Therefore, unless expressly stated in advance that this is undesirable, all of our dishes are placed in the middle of the table for sharing.

For our Sushi we are only using high qualitative and pure rice vinegar, which does not contain gluten!

We value quality, sustainability and regionality. Therefore, we source 100% of our beef and chicken from Austria. The remaining ingredients are always delivered fresh every day, prepared with love and regionally based.

When choosing the charcoal for our charcoal grill, we also pay attention to properties such as quality, environmental awareness and whether they are health-related harmless!

We have chosen high-quality, environmentally friendly Charcoal made from coconut shells, which does not generate any carcinogenic substances when grilling! Grilling can be that healthy too!

Let your soul dangle with us in a relaxed atmosphere and enjoy our fresh, healthy and lovingly prepared dishes.
